

Carson Water Subconservancy District is pleased Brenda Hunt has joined our staff as Watershed Coordinator. Brenda earned her Bachelors of Science degree in Natural Resources from the University of Wisconsin-Madison and a Masters of Art in Environmental Science from Monash University located near Melbourne, Victoria, Australia. While earning her Master's degree in Australia, Brenda had the opportunity to work with many stakeholder groups. During this time, Brenda learned the art of finding common ground to resolve conflicts. Brenda has over twenty years of environmental employment experience with non-profits and local and regional governmental organizations. Her education and work experience has solidified her love of the natural environment and enhanced her desire to use what she has learned to help people reconnect with their natural surroundings. As a resident of Carson City, Brenda has a passion for the Carson River Watershed. In her free time, Brenda enjoys traveling with her husband and son, playing ultimate Frisbee, and hiking and biking. Next time you cross our path, we look forward to introducing Brenda to you.
