Patrick King, CWSD Attorney Julie Workman, Public

Debbie Neddenriep, CWSD

The Pledge of Allegiance was led by Director Gray.

Item #4 – Discussion Only: Public Comment –

Austin Osborne thanked the Board for allowing him to join their holiday dinner. He is a former Board member and said it was a great 10 years! He still has his 2nd pen for years of service.

Item #5 – For Possible Action: Approval of Agenda

Being no objection, Chairman Giomi accepts the agenda as presented.

Item #6 – For Possible Action: Approval of the Board Meeting Minutes of Nov. 16, 2022

Director Gray made a motion to approve the Board Meeting Minutes of November 16, 2022, as presented. The motion was seconded by Director Uhart and unanimously approved by the Board.

CONSENT AGENDA

<u>Item #7 - For Possible Action: Approval of Treasurer's Report for November 2022</u>

<u>Item #8 - For Possible Action: Approval of Payment of Bills for November 2022</u>

<u>Item #9 - For Discussion Only: Update the CWSD Personnel Policy Manual – Section 5.1</u> Holidays to include Juneteenth – June 19

<u>Item #10 - For Discussion Only: Approval of Update to the Nondiscrimination Program & Policy</u>

Item #11 - For Discussion Only: Approval of the Grant Management Policy

Item #12 - For Discussion Only: Approval of Social Media Use Policy

<u>Item #13 - For Discussion Only: Approval to revisions to General Manager Annual Review Form</u>

Director Schank made a motion to approve the Consent Agenda as presented. The motion was seconded by Director Gray and unanimously approved by the Board.

END OF CONSENT AGENDA

Item #14 - For Possible Action: Approval of Winner of 2023 Andy Aldax Award

Mr. James stated the honor for Robb Fellows is well deserved! He will be retiring from Carson City in January and he will be missed.

Director Gray made a motion to approve Robb Fellows as the 2023 Andy Aldax Award winner. The motion was seconded by Director Schuette and unanimously approved by the Board.

<u>Item #15 - For Possible Action: Approval of Contract 2022-24 with JE Fuller for the Stagecoach Area Drainage Master Plan in the amount of \$338,581.00 and authorize the General Manager to execute change orders up to 10% of the contract amount</u>

Mr. James noted that there was a correction to the contract language to Section 3a: Insurance - General Aggregate has increased to \$2,000,000. The corrected page was distributed to Board for their review. There was brief discussion of the need to add professional. Mr. King stated he thought the need for professional liability was not necessary. Regarding the 10% discretion to the General Manager, Mr. James explained that this would only be utilized if there were available funds remaining in the FEMA grant funding the project.

Director Hindle made a motion to approve CWSD Contract #2022-24 with JE Fuller for the Stagecoach Area Drainage Master Plan in the Amount of \$338,581 with correction of \$2,000,000 in Professional Liability Insurance and authorizing the General Manager to approve a change order of up to 10% if funds are available in the FEMA funding grant. The motion was seconded by Director Stodieck and unanimously approved by the Board.

<u>Item #16 - For Possible Action: Approval of Contract 2022-25 with Kimley-Horn for the North Silver Springs Area Drainage Master Plan in the amount not to exceed \$118,000 and authorize the General Manager to execute change orders up to 10% of the contract amount</u>

Mr. James stated the same correction to Item #15 in the contract language to Section 3a: Insurance - General Aggregate has increased to \$2,000,000. The corrected page was distributed to Board for their review. It was noted that the exhibits needed to be corrected. The same 10% discretion to the General would only be utilized if there were available funds remaining in the FEMA grant funding the project.

Director Gardner made a motion to approve CWSD Contract #2022-25 with Kimley-Horn for the North Silver Springs Area Drainage Master Plan in the Amount of \$118,000 with correction of \$2,000,000 in Professional Liability Insurance, correction to exhibits, and authorizing the General Manager to approve a change order of up to 10% if funds are available in the FEMA funding grant. The motion was seconded by Director Nelson and unanimously approved by the Board.

<u>Item #17 - For Possible Action: Approve Addendum to HDR Contract #2020-01 in the amount of \$44,342 to complete the Churchill County Floodplain Mapping Project</u>

Mr. James explained that this work is necessary to complete the project based on FEMA comments and new data provided by TCID. To cover the cost, Churchill County has agreed to pay half (\$22,171) if CWSD will pay half. Staff recommends using the Floodplain Fund account to pay the full amount (\$44,342) and invoice Churchill County for their half as they proposed. The project end date would be extended to December 31, 2023.

Director Schank made a motion to approve the Addendum to HDR Contract #2020-01 in the amount of \$44,342 to complete the Churchill County Floodplain Mapping Project, as presented with CWSD invoicing Churchill County for their payment of half (\$22,171) and CWSD's funding would come out of the Floodplain Management Fund. The motion was seconded by Director Gray and unanimously approved by the Board.

Item #18 - For Discussion Only: Watershed Moment

Ms. Hunt showed the Board the final in the series of Watershed Moments: *Curb Your Chemical Use*. This topic was done as a series of reels posted to social media spotlighting each action the community can take as an individual in each reel. Director Schuette gave kudos for a phenomenal job with this project! Board members concurred. Committee Member Riddle said it was a great series, but for the reels she suggested we use the full name first instead of CWSD. Ms. Hunt said the next step with the series is to try to trim them to 30 second spots to hopefully get free TV exposure! Director Gray suggested CWSD getting a TikTok account that has a younger audience, we should be using as many platforms as possible. Director Hindle said he would like to see the statistics for the outreach and thinks that the series should be repeated as continual education of the community. Ms. Hunt explained the plan will be to use these assets in the next year for education and to survey the community to see the level of watershed literacy effect of the campaign compared to original survey prior to campaign. CWSD will know results of next funding round from NDEP by mid-January hopefully.

No action was taken.

<u>Item #19 - For Discussion Only: Overview of the Water Picture for the Carson River Watershed</u>

Mr. James shared a slideshow of flow reports. The snowpack is great, but we are at 75% of average stream flow. Last year was better at this point. Director Schank suggested that we add temperature to report in the future when comparing year to year.

No action was taken.

<u>Item #20 - For Possible Action: Approval of the 2022 CWSD Activities and Accomplishments Report</u>

Chairperson Giomi stated the annual report was impressive, and the board concurred.

Director Schank made a motion to approve 2022 CWSD Activities & Accomplishments Reports to be distributed to counties as presented. The motion was seconded by Director Uhart and unanimously approved by the Board.

Item #21 - For Discussion Only: Staff Reports

Mr. James reported the following:

- He met with Churchill County, Lyon County, the State Engineer and USGS for a
 discussion regarding water concerns. It was a great meeting. The State Engineer stated
 Carson River was doing better than both Humboldt and Walker and suggests all
 watersheds in Nevada need their own CWSD to avoid the issues they are having.
 Director Schank stated he believes that what CWSD is doing in the Carson River
 Watershed will be a model for the state!
- He also attended a meeting in the Walker River basin. They are experiencing a 5–6-foot drop in groundwater levels per year. The farming community is trying to cut back on ground water pumping as they face major issues. Mr. James said there is no problem today on the Carson River except in the Pinenuts. More water is being used and pumped from Carson River than 20 years ago. Climate change will impact farmers' supply. Conservation by municipalities is helping the Carson River watershed. Chairperson Giomi states Carson City is using significantly less water than 10 years ago due to conservation efforts. Chairperson Giomi stated LID programs should be pursued in the watershed. CWSD should investigate this and possibly work on a model ordinance. Director Gardner stated metered growth will help this issue also restricting landscaping and a growth management ordinance. Committee Member Griffith agrees, conservation is the cheapest way to get more water.

Mr. Fryer reported the following:

 On this same topic, he is writing an article for the winter newsletter, "Time to Kill Your Lawn."

Ms. Hunt reported the following:

 The inaugural Ag working group meeting was well attended. National NRCS wants to take the Soil Health Workshop national. This is exciting! UNCE has

applied for grant to hold workshops all around the state. The Web Access Viewer has 157 projects and is moving forward. The newsletter will be out by the end of the year. The Invasive Species Working group was well attended and had great presentations from coalition partners.

Ms. Neddenriep reported the following:

 Recharging ground water is always part of Floodplain Management conversations. LID language available to update ordinances. Open space is an important component. She thinks that the Watershed Moments campaign should be submitted for national recognition and would be great towards NDEP funding.

Mr. Robinson reported the following:

 He is currently working on the Alpine County Mesa Ground Water Measuring Report.

Legal – None.

Correspondence – None

No action was taken.

<u>Item #16 – For Discussion Only:</u> Directors Reports –

- Director Gardner states that Ed and Debbie should get busy on LID ordinance language.
 He looks forward to Director Stodieck and Director Uhart being reappointed as Douglas
 County Ag reps. Sharla Hale is expected to be the new CWSD Director. Douglas County
 heard of a proposed project on the Walker River in Lyon County that could impact
 Douglas County. A new copper mine would draw water from the Walker River which
 could use a significant amount of water. Painted Rock gravel pit is still an issue that
 needs State Engineer attention.
- Director Gray reported the Alpine County BDR was submitted to LCB but was bounced back. He hopes to introduce the BDR in February. He bids a fond farewell to the Board. He will really miss serving on this great Board! He likes that politics are never an issue at CWSD.

No action was taken.

<u>Item #17– For Discussion Only</u>: Update on activities in Alpine County –

- Committee Member Riddle announces it is her last meeting also. She suggests CWSD investigate county funding to encourage homeowners to replace lawns with rock scape.
- Committee Member Griffith reports a new Alpine County Counsel will start in January and he will share the updated JPA for his review.

No action was taken.

<u>Item #18– For Discussion Only</u>: Update on activities in Storey County –

Mr. Hindle reported the following:

• He is now the County Clerk but would still like to stay on the CWSD Board.

No action was taken.

Item #19 - For Discussion Only: Public Comment - None

There being no further business to come before the Board, Chairman Giomi adjourned the meeting at 8:15pm.

Respectfully submitted,

Catrina Schambra

Secretary to the Board

TO: Board of Directors

FROM: Edwin James

DATE: January 18, 2023

SUBJECT: Agenda Item #8 – For Possible Action: Selection of CWSD Officers for

2023 & 2024

DISCUSSION: Attached is the criteria for selecting Board Officers. This year moves the selection to Election Cycle #4 with Lyon County as Chairperson, Storey County as Vice Chairperson and Churchill County as Treasurer. Mike Workman has indicated that he would be willing to serve as Chairperson and meets the qualifications. Jim Hindle has not served the required 2 years on the Board to be eligible so a representative from Churchill County would move into the Vice Chair position. The Treasurer position would go to a Douglas County representative. Currently, Directors Gardner, Nelson, and Stodieck are eligible to be Treasurer. We should have more information regarding county appointments by January 18 Board meeting.

The three chosen must meet the requirements to serve as officers for CWSD. Staff is recommending that Catrina Schambra stay on as Secretary to the Board.

STAFF RECOMMENDATION: Approve the 2023 & 2024 Officers.

CARSON WATER SUBCONSERVANCY DISTRICT CRITERIA FOR SELECTING BOARD OFFICERS

(Revised September 2021)

Policy:

This policy is designed to create criteria for the various components as to who, when, and how the officer rotation would occur for election of officers of the Carson Water Subconservancy District (CWSD) Board of Directors.

Purpose and Objective:

The purpose of the policy is to establish a rotation of the officers of CWSD among the various counties in the Carson River Watershed. The officers considered under this policy are Chair, Vice Chair, Treasurer, and Secretary.

General Procedures, Guidelines, and Responsibilities:

The criteria to serve as a Board officer are:

- No county will hold more than one officer position at a time.
- Elections will be held every odd year and officers will serve for a two-year period.
- The Chair, Vice Chair, and Treasurer will rotate every two years with the recommendation that the officers will not serve in the same position for more than one consecutive term.
- The Chair, Vice Chair, and Treasurer positions will be rotated through Nevada counties, in the order of Churchill County, Douglas County, Carson City, Lyon County, and Storey County. The Vice Chair will take over the Chairmanship, if voted in.
- The Treasurer will serve on the Finance Committee.
- The Chair, Vice Chair, and Treasurer must be voting Board members.
- The Chair, Vice Chair, and Treasurer must be members of the CWSD Board for two or more years.
- The Secretary could be either a Board member or staff, and the position is not currently considered in the rotation schedule.

Before the January Board meeting the Administrative Committee will review the slate of current and/or eligible officers for the coming calendar year. If there is a proposed change to the officer slate, the Administrative Committee will make a recommendation to the Board at the January Board meeting. At the January Board Meeting, the Board will vote for the proposed officers. If a proposed officer does not receive a majority vote, the position will then be offered to the other member(s) in the same county. If the other member(s) do not wish to serve or do not meet the criteria set above, then the position will be offered to the next county in the rotation.

If an officer cannot fulfill his/her term, another Board member in that county will assume the position if he/she meets the criteria. If no one in the given county can meet the criteria, the position will then be filled by the next county in the rotation.

CWSD staff will update and maintain the rotation list as follows (assuming a qualified candidate is available in each of the counties involved):

Election cycle #1:

- Chair Churchill County
- Vice Chair Douglas County
- Treasurer Carson City

Election cycle #2:

- Chair Douglas County
- Vice Chair Carson City
- Treasurer Lyon County

Election cycle #3:

- Chair Carson City
- Vice Chair Lyon County
- Treasurer Storey County

Election cycle #4:

- Chair Lyon County
- Vice Chair Storey County
- Treasurer Churchill County

Election cycle #5:

- Chair -Storey County
- Vice Chair Churchill County
- Treasurer Douglas County

Repeat election cycles #1-5.

Douglas County follows Churchill County Carson City follows Douglas County Lyon County follows Carson City Storey County follows Lyon County Churchill County follows Storey County

CARSON WATER SUBCONSERVANCY DISTRICT

TO: Board of Directors

FROM: Edwin James

DATE: January 18, 2023

SUBJECT: Agenda Item # 9 – For Discussion Only: Presentation of 2023 Andy Aldax

Award to Robb Fellows

DISCUSSION: CWSD will present the 2023 Andy Aldax to Robb Fellows for his many years of service in the Carson River Watershed. Attached is brief overview of Mr. Fellows activities and accomplishments.

STAFF RECOMMENDATION: Receive and file.

Andy Aldax Award Nomination - Robert (Robb) Fellows, PE, Carson City Chief Stormwater Engineer, CRS, Floodplain & NPDES Manager

Nominated by: Mark Gookin, PE, CFM; Randy Rice, MSc, PE; Dan Stucky, PE; Brianna Greenlaw, PE, CFM

Robert Fellows has spent nearly his entire 30+year career living in, recreating, and protecting the Carson River watershed. As a young engineer, Mr. Fellows worked with Vasey Engineering, in Minden, Nevada with a focus on efforts which enhanced the Carson River watershed. Robb's work included the design of erosion-resistant trail systems including the Faye-Luther trail network as well as flood protection efforts and Federal Emergency Management Agency (FEMA) Letter of Map Revision (LOMRs) to more accurately depict flood hazards on the Carson River tributaries in the area.

In 2001, Robb joined Carson City Public Works as part of the Development Engineering team. His responsibilities steadily advanced and changed to include managing floodplain and mapping efforts as well as stormwater quality aspects for Carson City. As Chief Stormwater Engineer, CRS, Floodplain & NPDES Manager, Robb oversees the management of the 18 watersheds affecting the community and has been a consistent supporter of efforts to manage the Carson River Watershed Floodplain Management Plan (Plan). Through Robb's guidance and participation in the Carson River Coalition, Carson City has been a key player in the implementation of the regional Plan. Robb's commitment to the Plan's "living river" concept is exemplified by his actions as Floodplain Manager, enabling 71% of the Special Flood Hazard Area in Carson City to reside in open space. In addition to his role in stormwater and floodplain management, Robb is a strong advocator for trail and multi-use path connections throughout the City, supporting opportunities to increase the quality of life of the community.

Working with CWSD as a Cooperating Technical Partner, Robb has managed nearly \$1.5M in flood insurance rate map (FIRM) updates which more accurately inform the public of flood hazards in the area. Significant watershed remapping efforts have included Eagle Valley, Goni Wash, Voltaire Canyon, and Clear Creek.

In addition to more accurate FEMA mapping, Robb has overseen the preparation of Area Drainage Master Plans for the City which identify improvements to more effectively protect the community from flooding while incorporating stormwater quality features to help preserve the beneficial uses of the Carson River. Included within plans for North, West, East (in-progress), and Southeast (in-progress) areas of the City are both conveyance features, as well as detention basins serving to capture excess sediment, provide biofiltration and nutrient uptake, and infiltrate stormwater runoff affected by contributions from disturbed and urban areas. Consistent with Robb's efforts to interweave water quality with stormwater infrastructure and flood protection improvements, Robb oversaw the development of the City's Low Impact Development (LID) manual adopted in 2021.

Robb has also been instrumental in managing stormwater infrastructure projects throughout the City. He spearheaded a \$4.5M investment to incorporate storm water improvements along South Carson Street to help alleviate flooding along the corridor during significant storm events. Another important mitigation effort led by Robb was the necessary expansion of the Carson City Vicee Basin following the Waterfall Fire.

Mr. Fellow's efforts have also included active community education and outreach efforts including overseeing the High-Water Mark mural project as part of the FEMA High Water Mark Initiative. As the technical lead, Robb concluded the project with an unveiling festival to promote how floodplains and open space work together providing animal habitats, flood protection, groundwater recharge, and water quality benefits for the community.

Robb's consistent work in the Carson River watershed has served to advance the guiding principles of the Carson River Watershed Vision Statement including escalating the quality of life, protecting private and public properties, enhancing water quality, preserving open space, managing growth, collaborating with stakeholders, and promoting watershed education.

Independent Auditor's Report

To the Board of Directors Carson Water Subconservancy District Carson City, Nevada

Report on the Audit of the Schedule of Expenditures of Federal Awards

Opinion

We have audited the schedule of expenditures of federal awards of Carson Water Subconservancy District for the year ended June 30, 2022, and the related notes (the schedule).

In our opinion, the accompanying schedule of expenditures of federal awards presents fairly, in all material respects, the expenditures of federal awards of Carson Water Subconservancy District for the year ended June 30, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of the Schedule section of our report.

We are required to be independent of Carson Water Subconservancy District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Schedule

Management is responsible for the preparation and fair presentation of the schedule in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards,

Government Auditing Standards, and the Uniform Guidance will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedule.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the
 schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of Carson Water Subconservancy District's internal control.
 Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedule.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Carson Water Subconservancy District under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Carson Water Subconservancy District, it is not intended to and does not present the financial position, changes in net assets of Carson Water Subconservancy District.

Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

No federal financial assistance has been provided to a subrecipient.

Note 1 - Indirect Cost Rate

Carson Water Subconservancy District has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Independent Auditor's Report on Compliance for the Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance

Report on Compliance for the Major Federal Program

Opinion on Each Major Federal Program

We have audited Carson Water Subconservancy District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on Carson Water Subconservancy District's major federal program for the year ended June 30, 2022. Carson Water Subconservancy District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Carson Water Subconservancy District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Carson Water Subconservancy District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of Carson Water Subconservancy District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Carson Water Subconservancy District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Carson Water Subconservancy District's compliance based on our audit. Reasonable assurance

is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Carson Water Subconservancy District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on
 a test basis, evidence regarding Carson Water Subconservancy District's compliance with the
 compliance requirements referred to above and performing such other procedures as we
 considered necessary in the circumstances.
- Obtain an understanding of Carson Water Subconservancy District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Carson Water Subconservancy District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Finding 2020-001: Financial Reporting Material Weakness

Condition: The auditors assisted in the preparation of the full disclosure financial

statements. District personnel does not possess the experience to prepare the District's full disclosure financial statements in accordance with generally accepted accounting principles without assistance.

Recommendation: It was recommended that the District continue to provide staff or

management with the appropriate skills, knowledge and experience to

oversee the services in connection with the preparation of governmental financial statements in accordance with generally

accepted accounting principles.

Current Status The District continues to provide for additional opportunities for staff to

improve their knowledge, skills and expertise; however, due to the size of the District, management has determined that this is an acceptable position to request the auditors assist in the preparation of full disclosure financial statements. Management diligently reviews the

financial statements and exercises appropriate oversight over these

services.

2020-002: U.S. Department of Homeland Security Cooperating Technical Partners, CFDA 97.045

Allowable Costs/Cost Principles
Significant Deficiency in Internal Control over Compliance

Condition: Carson Water Subconservancy District charged a lower rate than actual

on one employee.

Recommendation: It was recommended that Carson Water Subconservancy District

enhance internal controls for review and approval of draw requests which include the underlying support and calculations utilized.

Views of Responsible

Officials: Carson Water Subconservancy District agrees with this finding.

Current Status Management has two people review the invoice format and when

errors are found the amount is corrected and documented. In the current year audit an error was identified by management, promptly

corrected and documented.

2020-003: U.S. Department of Homeland Security Cooperating Technical Partners, CFDA 97.045

Procurement, Suspension, and Debarment
Material Weakness in Internal Control over Compliance and Material Noncompliance

Condition: Certain applicable provisions described in Appendix II to Part 200 were

not included in contracts as required. Procurement procedures were not always performed prior to entering into any covered contract transaction. Additionally, Carson Water Subconservancy District's procurement policy does not address various items required by 2 CFR

200.318.

Recommendation: It was recommended that Carson Water Subconservancy District

enhance internal controls to ensure all contracts under federal awards contain the applicable provisions, ensure all applicable procurement

procedures are performed prior to entering into all covered

transactions, and ensure its procurement policy addresses all items

required by Uniform Guidance

Current Status On November 18, 2020 CWSD Board of directors adopted revised

Procurement policy which includes Federal Regulation Part 200 code language. Management has also increased review over contracts under federal awards to ensure that all appropriate provisions are included and procurement policies address terms required by the Uniform Guidance. Procurement transactions were reviewed in the current year

and no similar findings were noted in the current year audit.

SUBJECT: Agenda Item #13 – For Possible Action: Approval of Contract 2023-1 with

Michael Baker for the Walker River Flood Risk Assessment in the amount of \$60,000. and authorize the General Manager to execute change orders up to

10% of the contract amount

DISCUSSION: Attached is the proposed draft agreement with Michael Baker to conduct to Walker River Flood Risk Assessment. Funding for this study will be paid for through a grant from FEMA. The select committee made up of representatives from CWSD, Lyon County, and Douglas County reviewed the various proposals and recommend hiring Michael Baker for this project.

Staff is requesting that the General Manager be authorized to sign a change order up to 10 percent of the original award if funding is available in the grant from FEMA.

STAFF RECOMMENDATION: Approve Contract #2023-1 with Michael Baker for the Walker River Flood Risk Assessment in the amount of \$60,000 and authorize the General Manager to execute change orders up to 10% of the contract amount if funding is available in the grant from FEMA as presented.

Agreement

Carson Water Subconservancy District (hereinafter "CWSD") and Michael Baker International (hereinafter "MB") hereby enter into an agreement whereby MB will complete the Walker River Flood Risk Assessment (hereinafter "Project") in accordance with and subject to the following terms and conditions:

1) **ASSIGNMENT**

MB's assignment shall relate to the following product(s) or service(s):

Complete the Walker River Flood Risk Assessment which is further identified and described in Exhibit "A," and the compensation paid to MB for the Walker River Flood Risk Assessment shall not exceed \$60,000.

2) **INDEMNITIES**

- (a) To the fullest extent permitted by law MB shall indemnify and hold harmless the CWSD from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, to the extent arising out of any alleged negligent or willful acts or omissions of MB, its officers, employees and agents.
- (b) CWSD will indemnify and hold MB harmless with respect to any claims or actions instituted by third parties which result from the use by MB of material furnished by CWSD or where material created by MB is substantially changed by CWSD. Information or data obtained by MB from CWSD to substantiate claims made in advertising shall be deemed to be "materials furnished by CWSD."
- (c) In the event of any proceeding against CWSD by any regulatory agency or in the event of any court action or self-regulatory action challenging any advertising prepared by MB, MB shall assist in the preparation of the defense of such action or proceeding and cooperate with CWSD and CWSD's attorneys. CWSD will reimburse MB any out-of-pocket costs MB may incur in connection with any such action or proceeding.
- (d) Neither party waives any right or defense to indemnification that may exist in law or equity.

3) **INSURANCE**

Unless otherwise required in this Agreement, the CWSD and MB shall, during the performance of the services as provided herein, maintain insurance of the types and amounts specified, and with insurers satisfactory to the other party as follows:

- a) Comprehensive General Liability including \$1,000,000 per occurrence for bodily injury and property damage; \$1,000,000 Products/Completed Operations Aggregate; \$2,000,000 General Aggregate over all interests.
- b) Comprehensive Automobile Liability including coverage for owned, non-owned, and hired vehicles: \$1,000,000 Bodily Injury, \$1,000,000 Property Damage.
- MB shall name CWSD as an additional insured and deliver a certificate to CWSD.

4) TERM OF AGREEMENT

- a) The term of this Agreement will commence on the date of the last signature executed hereon and will continue in full force and effect until <u>6/30/2024</u>, unless extended by written agreement of the parties.
- b) MB will submit monthly invoices with a description of activities preformed. MB shall have the right to suspend performance of its services upon notice to CWSD in the event that any of its invoices are past due.
- c) In the event of termination of this Agreement, the rights, duties, and responsibilities of MB shall continue in full force during the period of notice.
- d) If circumstances arise that require a time extension to complete the project, the CWSD Board grants the General Manager authority to do so in a written notice to MB.

5) **PERFORMANCE**

Should MB fail to perform any of the services provided for in Exhibit "A," CWSD shall notify MB of such non-performance and allow thirty (30) days for MB to remedy the performance. If the performance has not been satisfied within thirty days, CWSD may withhold payment only for the services not performed in accordance with this Agreement.

6) SUPPLEMENTS TO AGREEMENT

The following Exhibits are an integral part of this Agreement:

(a) Exhibit A - MB business plan, project schedule and budget.

7) INDEPENDENT CONTRACTOR

MB acknowledges that it is furnishing the services contemplated by this Agreement hereto as an independent contractor, and not as an employee, or agent of CWSD or any of its affiliates.

8) **OWNERSHIP**

Any reports, histories, studies, tests, manuals, instructions, photographs, negatives, blueprints, plans, maps, data, system designs, computer code (which are intended to be considered under this Agreement), or any other documents or drawings, prepared, or in the course of preparation, by MB (or its subcontractors) in performance of its obligations under this Agreement shall become the property of CWSD upon completion of the services and payment in full of all monies due to MB. Any modifications made by CWSD to any of MB's documents, or any use, partial use or reuse of the documents without written authorization or adaption by MB will be at CWSD's sole risk and without liability to MB, and CWSD shall indemnify, defend and hold MB harmless from all claims, damages, losses and expenses, including but not limited to attorneys' fees, resulting therefrom. MB shall not use, willingly allow, or cause to have such materials used for any purpose other than performance of MB's obligations under this Agreement without the prior written consent of CWSD.

9) **AGREEMENT TERMINATION**

- (a) Termination Without Cause. Any discretionary or vested right of renewal notwithstanding, this Agreement may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.
- (b) Cause Termination for Default or Breach. A default or breach may be declared with or without termination. This Agreement may be terminated by either party upon seven days' written notice of default or breach to the other party as follows:
 - (1) If MB fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or services called for by this Agreement within the time requirements specified in this Agreement or within any granted extension of those time requirements; or
 - (2) If any State, county, city, or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by MB to provide the goods or services required by this Agreement is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or
 - (3) If MB becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the bankruptcy court; or
 - (4) MB shall have the right to terminate this Agreement upon seven days' written notice to CWSD upon breach by CWSD of any of its obligations under this Agreement. In the event of such termination, MB shall be paid for all services performed up to the effective date of the termination and all damages, if any, resulting from CWSD's breach of this Agreement.
- (c) Time to Correct. Termination upon declared default or breach may be exercised only after service of formal written notice and the subsequent failure of the defaulting party within thirty (30) calendar days of receipt of that notice to provide evidence, satisfactory to the aggrieved party, showing that the declared default or breach has been corrected.

- (d) Winding Up Affairs Upon Termination. In the event of termination of this Agreement for any reason, the parties agree that the provisions of this Section survive termination:
 - (1) The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Agreement.
 - (2) MB shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by the CWSD.
 - (3) MB shall execute documents and take actions necessary to effectuate an assignment of this Agreement if so requested by the CWSD; and
 - (4) MB shall preserve, protect, and deliver into CWSD possession all information, upon payment in full of all monies due to MB, in accordance with Section 8, Ownership.

10) RIGHTS UPON TERMINATION

Upon termination of this Agreement, MB shall, upon payment in full of all monies due to MB, transfer, assign and make available to CWSD or CWSD's representative, all property and materials in their possession or control belonging to and paid for by CWSD, subject, however, to any rights of third parties of which MB has informed CWSD.

11) BREACH REMEDIES.

Failure of either party to perform any obligation of this Agreement shall be deemed a breach. Except as otherwise provided for by law or this Agreement, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including but not limited to actual damages. If the court awards reasonable attorney's fees to the prevailing party, in an amount to be determined by the Court.

The parties acknowledge or agree that the contract was written and agreed by both parties.

Prior to the initiation of any litigation the parties agree to mediate.

12) PUBLIC RECORDS

Pursuant to NRS 239.010, information or documents received from MB may be open to public inspection and copying. CWSD has a legal obligation to disclose such information unless a particular record is made confidential by law. MB may label specific parts of an individual document as a "trade secret" or "confidential" in accordance with NRS 333.333, provided that MB thereby agrees to indemnify CWSD for honoring such a designation. The failure to so label any document that is released by CWSD shall constitute a complete waiver of any and all claims for damages caused by any release of the records.

13) NOTICES

Any notice pursuant to this Agreement will be addressed to the following parties:

Attn.: Edwin James Carson Watershed Subconservancy District 777 E William Street, Suite 209 Carson City, NV 89701 Attn.: Polly Boardman Michael Baker International 5470 Kietzke Lane, Suite 300 PMB#205 Reno, NV 89511

14) **FORCE MAJEURE**

Neither party shall be held responsible for any delay or failure in performance of any part of this Agreement to the extent such delay or failure is caused by fire, flood, explosion, war, embargo, government requirement, civil or military authority, act of God, pandemic, or other similar causes beyond its control and without the fault or negligence of the delayed or non-performing party. The affected party will notify the other party in writing within ten (10) days after the beginning of any such cause that would affect its performance. Notwithstanding, if a party's performance is delayed for a period exceeding thirty (30) days from the date the other party receives notice under this paragraph, the non-affected party will have the right, without any liability to the other party, to terminate this agreement. This Agreement is made in anticipation of conditions permitting continuous and orderly progress through completion of the

services. Times for performance shall be extended as necessary for delays or suspensions due to circumstances that the Consultant does not control. Notwithstanding any other provision of this Agreement, MB shall not have liability for or be deemed in breach because of delays caused by any factor outside of its reasonable control, including but not limited to natural disasters, adverse weather, or acts of CWSD, third parties, or governmental agencies.

15) **HEADINGS**

Headings in this Agreement are for convenience only and are not intended to be used in interpreting or construing the terms, covenants, and conditions of this Agreement.

16) **ENTIRE AGREEMENT**

This Agreement constitutes the whole agreement between the parties with respect to the subject matter contained herein, and there are no terms other than those contained herein. No modification or amendment of this Agreement shall be valid unless in writing and signed by the parties hereto.

17) **SEVERABILITY**

Walker River Flood Risk Analysis Business Plan

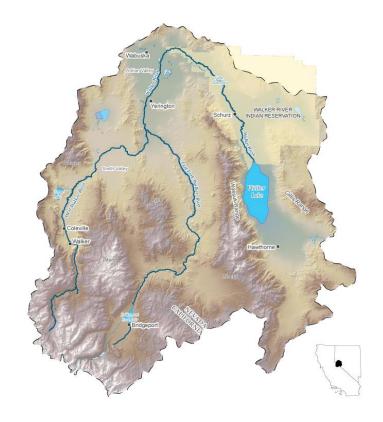

Project Purpose and Need

The primary purpose of the Walker River Watershed Flood Risk Analysis is to identify possible flood risk hazards in the Walker River Watershed. The Walker River begins in the Sierra Nevada as the East Walker River and the West Walker River. In Mason Valley, just south of Yerington, Nevada, the rivers converge to create the Walker River. The Walker River terminates in Walker Lake.

The project seeks to engage the communities and stakeholders to develop a regional approach to identify potential flood risks throughout the Walker River Watershed. The analysis will assess flood risks along the Walker River, alluvial fans in both Lyon County and Douglas County, and other flood risk data that is available throughout the Walker River Watershed. The project will also evaluate regulatory mapping, risk assessment, mitigation planning, technical assistance, and outreach and communications assistance.

The Flood Risk Analysis will include five main activities:

- 1. Project Management
- 2. Watershed Stakeholder Engagement
- 3. Strategic Plan Development
- 4. Presentations
- 5. Mapping Information Platform (MIP)

Project Services and Tasks

Task 1.0: Project Management and Coordination

Michael Baker has identified Stefani Bell, PE (NV #030791) as the Project Manager. She will be supported by Polly Boardman, PMP, MBA, as the Project Principal from the Reno, Nevada office at 5470 Kietzke Ln., Suite 300 PMB#205, Reno, NV 89511. As Principal-in-Charge in the Reno office and an Officer of Michael Baker, Polly will also be responsible and accountable for all contract issues and negotiations, as well as legally binding the company for contract agreements. Stefani and Polly will be supported by the following team to complete the tasks outlined in this plan:

The Project Manager shall schedule monthly project coordination meetings with the client team to keep the team informed and to ensure communication and collaboration throughout the duration of the project. The Project Manger shall invoice the CWSD monthly with a percent complete estimate for each task. The invoice will be processed by Michael Baker on the first Tuesday of the following month and will be emailed or mailed to CWSD's point of contact prior to the 10th of each month, to be identified in the contracting process. The invoice each month will include a brief progress report per task.

Deliverables:

- Recurring monthly meeting invite
- Monthly invoice & progress report

Task 2.0: Watershed Stakeholder Coordination and Flood Risk Meetings

Michael Baker will work with CWSD and the local jurisdictions (Douglas and Lyon counties) to identify community representatives, stakeholders, and project proponents to participate in coordination meetings and flood risk workshops. CWSD will prepare a list of attendees and contact and set up meetings. Michael Baker will support the meetings and prepare meeting content and materials as requested. Prior to meetings, Michael Baker will review the existing data, prepare draft meeting request letters, and work with CWSD to develop a draft questionnaire for attendees to complete. Following the meetings, Michael Baker will prepare notes and complete any follow up items discussed during the meetings. The following tasks will be completed for the meetings:

A. Data Collection and Review

- a. Collect data from stakeholders that will demonstrate holistic picture of flooding issues, flood risk, and flood mitigation needs and capabilities within the watershed.
- b. Collect dam failure inundation mapping available digitally for Topaz Lake and portions of Lyon and Douglas counties (data may be available from Walker River Irrigation District).
- c. Collect data from stakeholders identifying stormwater flooding areas.
- d. Review the alluvial fans provide recommendations on mapping and mitigation as needed
- e. Collect data from stakeholders about major river structures and/or diversions that impact flooding
- f. Review existing floodplain mapping for Yerington area
- g. Identify any additional flood risk areas that might be of interested to the stakeholders
- h. Identify when flood ordinances were created and subsequent updates or revisions

B. Project Stakeholder Engagement and Coordination

- a. Prepare list of Stakeholders:
 - Local Walker River Irrigation District, Walker River Water Master, City of Yerington staff, Lyon County and Douglas County emergency staff, Smith Valley Advisory Board, GIDs, Mason Valley, Conservation Districts, , Topaz and Topaz Ranch Estates, Walker River Paiute Tribe,
 - State and Federal Federal Water Master, USACE, BLM, NRCS, NOAA, NDOT, NDWR, NDWR Dam Safety, and USFS.
- b. CWSD will prepare agenda and meeting content.
- c. Prepare questionnaire and supplemental meeting content

C. Flood Risk Meetings

- a. Support CWSD with six to eight workshops throughout the watershed to assess communities' flood risk concerns and priorities.
- b. Provide consultation and support CWSD meeting facilitation. At least one Michael Baker representative will be present at each meeting, in-person (preferred).
- c. Summarize meeting notes and data collection to prepare a Summary of Findings Memo

Deliverables:

- Project Stakeholders List
- Meeting notes with attendees
- Stakeholder Meeting Content
- Summary of Findings Memorandum

Task 3.0: Strategic Plan

Michael Baker will use the data collected in Task 2 to prepare a Strategic Plan (Draft and Final Report) for flood risk assessment and mitigation for the Walker River Watershed communities. This will include flood risks for riverine and alluvial fan flooding. The plan will be written such that the local governmental, irrigation, and NGO boards are the target audience. The plan will identify various flood risk locations and technical assistance needed to reduce watershed flood hazards through mapping, assessment, planning products such as area drainage management plans, new flood risks maps, and infrastructure enhancements. Michael Baker will also review the earlier floodplain mapping for the Yerington area and make possible suggestions on how to mitigate flooding in this area. The following tasks will be completed for the Strategic Plan:

D. Flood Risk Analysis

- a. Incorporate data from stakeholder meetings and formulate potential mitigation strategies
- b. Assess flood risk for alluvial fans, riverine flooding, and irrigation ditches and levees, based on flood risk reports and data provided to Michael Baker.
- c. Review the earlier floodplain mapping for the Yerington area and make possible suggestions on how to mitigate flooding in this area.

E. Strategic Plan Draft and Final Report

- Summarize analysis and stakeholder feedback into a report with mitigation strategies addressing flood risk
- b. Incorporate comments from County and Stakeholder reviews

DRAFT

c. Prepare draft and final Strategic Plan in MS Office Suite.

Deliverables:

- Draft Strategic Plan for review by counties and stakeholders
- Coordinate comments/inputs from stakeholders
- · Revise Strategic Plan with review and comments

Task 4.0: Presentations to Communities

Michael Baker will present strategic plan at board meetings of Carson Water Subconservancy District Board, Douglas County Commissioners, and Lyon County Commissioners. CWSD will schedule the meetings and Michael Baker will prepare the meeting materials and co-present with CWSD.

Deliverables:

- Draft presentation for review by CWSD
- Final presentation for review by CWSD
- Three presentations (CWSD Board, Douglas County Commissioners, Lyon County Commissioners)
- Follow-up communication with CWSD and/or Board Members

Task 5.0: FEMA MIP

Upon completion of the project the consultant will upload data to the FEMA Mapping Information Platform (MIP) format.

This study will not result in a regulatory product so this project will be a general task in the MIP. Any partial data acquired in this project may be uploaded in format required by current FEMA Data Capture Technical Reference but will not be required to pass metadata.

Deliverables:

• Data supporting Strategic Plan will be uploaded

DATE: January 18, 2023

SUBJECT: Agenda Item #14 – For Possible Action: Selection of CWSD Committee

Members for 2023 & 2024

DISCUSSION: CWSD has four committees that meet periodically to deal with various issues. The committees are:

- 1. **Administrative Committee** This committee deals with personnel issues, contracts, policies, and other administrative issues.
- 2. **Finance Committee** This committee reviews proposed budget and budget augmentations, funding requests, and requests for potential water rights purchases.
- Legislative Committee This committee would review proposed legislation.
 (NOTE: This committee does not have an Alpine County representative because it is primarily dealing with Nevada legislation. However, Alpine County representatives are encouraged to bring any California or federal issues to the attention of the General Manager/Board.)
- 4. **Regional Water System & Flood Committee** This committee focuses on the regional programs, recharge projects, future construction, water quality, and flood issues.

CWSD tries to have a representative from each county serve on each committee. By law CWSD cannot have seven or more representatives on a committee from Douglas, Carson City, Lyon, Storey, and Churchill Counties. When a committee meets, CWSD staff tries to set up the meeting with the committee members; however, if a committee member is not available then CWSD will contact another person from that county as a substitute.

For reference, the list below is of committee members for 2021-2022.

- 1. Administration Committee Directors Giomi, Olsen, Nelson, Gray, Uhart, and Griffith.
- 2. Finance Committee Directors Schuette, Griffith, Workman, Nelson, Hindle, and Schank
- 3. Legislative Committee Directors Giomi, Gardner, Gray, Schank, and Nelson.
- 4. Regional Water System & Flood Committee Directors Schuette, Olsen, Workman, Riddle, Hindle, and Stodieck.

STAFF RECOMMENDATION: Approve committee members.
